Special Admissions Information
 FOR FRESHMAN STUDENTS GENERALLY
 AND FRESHMAN STUDENT-ATHLETES ON ATHLETICS AID *

Indicate the numerical percentages of entering freshman students who were admitted through special exception provisions and of entering freshman student-athletes receiving athletics aid* (include partial and nonqualifiers who were ineligible for aid) who also were so admitted, by eight sport groups and overall, during the three most recent academic years. List the most recent academic year's data first and include all freshmen students entering the institution during the year.

Note: Institutions are not required to report data if the number of students in a group is two or less.

Special exception provisions were not applicable for 1999-00 and 2000-01. A total of 7 students were admitted through the special exception provisions in 2001-02. Two of the 7 students were student-athletes.

	Year	All Freshman Students	All Freshman Student-Athletes on Aid **	Baseball	Men's Basketball	Football	Men's Track/Cross Country	Men's Other Sports and Mixed Sports	Women's Basketball	Women's Track/Cross Country	Women's Other
% of Special Admits	1999-00	Not Applicable									
	2000-01	Not Applicable									
	2001-02	1%	6% 2 of 33	0%	25% 1 of 4	Not Applicable	0%	0%	33% 1 of 3	0%	0%

* Institutions that do not award athletics aid should compile these data for freshman student-athletes who were recruited, as determined by the institution.

** Calculate this percentage by dividing the number of entering freshman student-athletes receiving athletics aid who were admitted through special exception provisions by the total number of entering freshman student-athletes receiving athletics aid.
